

Veterans Health
Administration

“ As part of VA’s interdisciplinary health system, I can *expand my skills* AND help a population that means so much to our country. ”

Psychologists

Bring your expertise to VA. The Department of Veterans Affairs is on the cutting edge of medical innovation, engaging in research that is reshaping the landscape of mental health treatment. VA employees are the ones breaking new ground on treatments that will change the face of mental health care across the nation. Psychologists working for VA have a unique opportunity to develop and improve the advanced treatment provided to Veterans.

Benefits Include:

- Industry leading research and medical innovation
- Federal employee benefits package and competitive salary

- Evidence-based care focused on providing holistic treatment for Veterans
- Healthy balance between work and personal life

VA’s unique patient population provides an opportunity to put your skills to full use in support of those who have served our country. VA mental health professionals work with Veterans of all ages, from the oldest men and women to those from recent conflicts. Specialized services geared toward women address the needs of the fastest-growing Veteran population.
